One of my favorite VR games to play. I really like the immersive touch based hang-gliding experience.. One of my favorite VR games to play. I really like the immersive touch based hang-gliding experience.. My secret VR addiction. I always begin and end a VR session with a few rounds of Glider Island. The dev has done sterling work creating a vertigo-inducing thrill ride that keeps the adrenaline pumping, but then it all becomes serene once you get into the flow of flight and all feelings of vertigo disappear as you soar over some very pretty landscapes. The monthly competition is great fun too and keeps me interested in the progress on the game.. My secret VR addiction. I always begin and end a VR session with a few rounds of Glider Island.
